Introduction to the School

<i>Name of School: Sturgis Charter Public School</i>			
Type of Charter (Commonwealth or Horace Mann)	Commonwealth	Location	Hyannis, MA
Regional or Non-Regional	Regional	Districts in Region	Barnstable, Bourne, Carver, Dennis-Yarmouth, Falmouth, Mashpee, Monomoy, Nauset, Plymouth, Provincetown, Sandwich, Wareham
Year Opened	1998	Year(s) Renewed	2003, 2008, 2013, 2018
Maximum Enrollment	850 at 2 campuses 425 at Sturgis West & 425 at Sturgis East	Current Enrollment	816
Chartered Grade Span	9-12	Current Grade Span	9-12
# of Instructional Days during the 2017-2018 school year	180	Students on Waitlist	600
School Hours	8:20 a.m.—3:10 p.m.	Age of School	20 years

Mission Statement: Sturgis Charter Public School is dedicated to an “International Baccalaureate (IB) for All” philosophy, preparing high school students for higher education in a supportive learning environment. Sturgis provides each student a rigorous world-class educational program, encouraging academic achievement, intellectual confidence, and personal growth.

Letter from the Chair of the Board of Trustees: Not Provided

Network Requirements: Not Applicable

School Performance and Program Implementation

Faithfulness to Terms of Charter

Mission and Key Design Elements

Mission Statement:

Sturgis offers Cape Cod students an intellectually rigorous education in the traditional liberal arts and sciences. Basic to the school's charter is membership in the International Baccalaureate Organization, a worldwide curriculum and examination system which offers students in member schools an opportunity to earn an IB Diploma or to earn certificates in individual IB courses. In order to earn the Diploma, students must take a wide range of academic courses, pass examinations and other assessments in these courses as well as participate in service to the community, be involved in creative and athletic endeavors, and write an extended essay. Currently, more than 1,250,000 students in more than 4,200 schools in 143 countries are enrolled in IB programs.

Our charter is unequivocal about the school's commitment to our curriculum and goals for instruction. Sturgis, it says, will offer students "...an intellectually rigorous education in the tradition of the liberal arts and sciences, a course of study aimed at independence of thought and generosity of spirit." The Sturgis curriculum is based upon the premise of "International Baccalaureate for All". Thus, all courses in grades 11 and 12 are IB courses, and all courses in grades 9 and 10 are IB prep. Accordingly, all students are required to take and pass four years of each of the core disciplines: English, history, mathematics, and science. In addition, Sturgis requires six years of foreign language, including two years of the language Latin and at least 4 years in one of the languages. Two years of the arts are required in the first two years. Required electives in the last two years give students the opportunity to take additional course work in foreign language, history, science, mathematics, music, art, and theater arts.

Instruction is designed to challenge all students to think independently, to express their thinking effectively in both speaking and writing, to learn from productive participation in small group interaction and problem solving, and to take responsibility for everyone's learning in their classrooms by thoughtfully listening and responding to others' ideas. Writing, both in and out of class, is used extensively as a vehicle for exploring and clarifying ideas as well as demonstrating the quality of understanding. Individual and group projects provide further opportunities for students to demonstrate the creativity and independence of thought we prize so highly. Evidence of the success of these efforts is reflected in our MCAS and IB results. Our commitment to educating

the entire person is expressed in our requirement of participation for all IB Diploma students in athletics or action activities, a creative endeavor, and service to the school and/or community.

For specific evidence of successful implementation of the school’s mission and key design elements, please review the section entitled Appendix A: Accountability Plan Objectives and Measures on p. 20 .

Key Design Elements:

- Offering an International Baccalaureate (IB) for All coursework experience for all students (mission statement, p. 7 charter application)
- Students embrace the requirements of gaining the IB Diploma (p. 7 charter application)
- College preparations and readiness (mission statement)
- Students focus on developing the traits in the IB Learner Profile

Amendments to the Charter: Not Applicable

Access and Equity: The most recent available data indicates that Sturgis has an in-school suspension rate of 2.3% and an out-of-school suspension rate of .2%. These numbers reflect a multi-year approach to avoiding the practice of removing students from the school arena when disciplined. Subgroup numbers are not large enough to be statistically significant.

Dissemination Efforts

Using the table below, provide evidence of how the school has provided innovative models for replication and best practices to other public schools in the district where the charter school is located during the 2017-2018 school year. Dissemination efforts may also include sharing innovative models and best practices to other schools, districts, and organization beyond the district where the charter school is located. There are multiple forums and activities through which a charter school may disseminate, please see the Charter School Performance Criteria for more information:

<http://www.doe.mass.edu/charter/acct.html?section=criteria>¹

Best Practice Shared	Vehicle for Dissemination (describe the method, format, or venue used to share best practices)	Who at the school was involved with the dissemination efforts? (Title)	Criteria that best aligns to the shared best practice (choose from the drop down menu)	With whom did the school disseminate its best practices? Program Delivery

There were no significant program delivery changes, with the exception that for the 2017-2018 school year, Sturgis added a full-time School Adjustment Counselor and improved upon our already strong guidance counselor: student ratio. Also, Sturgis has appointed an Assistant Principal for each campus as well as a team of Instructional Coaches for implementation in the 2018-2019 school year.

Organizational Viability

Organizational Structure of the School

Multiple Campus Organizational Structure:

Prior to the opening of Sturgis West, the Sturgis Board of Trustees adopted the following Equity Policy:

“It shall be the policy of Sturgis Charter Public School that all campuses governed by the Board of Trustees shall be allocated, as much as possible, equitable resources, including but not limited to: the educational program; mission of “IB for All”; faculty, student/faculty ratio; size and type of facilities; activities; sports; and administrative staff. Minor differences may exist between campuses due to student interests and needs”.

The Board of Trustees regularly receives updates on campus equity. At every board meeting, a faculty report and an Executive Director report is given to provide updates. In addition, data presentations – both MCAS and IB – are given annually with data de-aggregated by campus. Each May, the Board receives the results of the yearly faculty, student and parent surveys that are separated by campus for comparison’s sake.

Teacher Evaluation:

The 2017-2018 was the last school year with our Administrative Intern positions. Beginning in 2018-2019, the building Principal will be the only administrator observing teachers/classes in an evaluator role. Other than more frequent and shorter observations by solely the building Principal, the system for evaluating teachers has not changed.

D. Capital Plan for FY18

The William Sturgis Foundation purchased 529 Main Street in Hyannis in August of 2017 and rents it to Sturgis for use as a testing, community, and arts center. Rent monies have been budgeted for this purpose (included in “6800-01” in the above budget projection). Sturgis has established no other significant capital plans.

Additional Information

Appendix A: Accountability Plan Evidence for 2017-18

Objectives and Measures related to Mission and Key Design Elements

	2017-2018 Performance (Met/Partially Met/Not Met)	Evidence
Objective: Objective: Research studies have documented that the International Baccalaureate Diploma Programme is highly aligned with the Knowledge and Skills for University Success. All Sturgis grade 11-12 students will access a world class education by embracing their course work in the International Baccalaureate Diploma Programme at Sturgis.		
Measure: The average number of IB exams taken by students in each graduating class will be 5.6 or higher.*	Met	The average number of IB exams taken by students in the graduating class was 5.7.
Measure: 95% of the members of the graduating class who register to take 4 or more IB exams will earn at least two IB course scores of 3 or higher by July of their graduation year.**	Met	95% of the members of the graduating class who registered for 4+ IB exams had at least two IB scores of 3+.
Measure: At least 95% of the members of the graduating class will be accepted to post-secondary education.	Met	95% of the members of the graduating class were accepted to post-secondary education.
Measure: At least 60% of the members of the graduating class each year will attempt to fulfill all of the requirements for the IB Diploma.***	Met	60% of the members of the graduating class fulfilled all of the IB Diploma requirements.
Measure: Each year at least 50% of the members of the graduating class who attempt the IB Diploma will earn their IB Diplomas.****	Met	59% of the members of the graduating class who attempted the IB Diploma received it.
Objective: Sturgis will strive to develop in students the traits of the IB Learner Profile, including Inquirer, Knowledgeable, Thinker, Communicator, Principled, Open-Minded, Caring, Risk-Taker, Balanced, Reflective.		
Measure: With a parent survey response rate goal of at least 40%, each year an average of 80% of Sturgis grade 11 & 12 parents on the Annual Parent Survey will strongly agree or agree that Sturgis has had a positive effect on developing in students the IB Learner Profile traits.*****	Met	With response rate of 42% on survey, parents indicated an average of 89% either strongly agree or agree that Sturgis had a positive effect on developing the Learner Profile traits in their students.
Measure: With a student response rate goal of at least 75%, each year an average of 80% of Sturgis grade 11 & 12 students on the Annual Student Survey will strongly agree or agree that Sturgis has had a positive effect on developing in students the IB Learner Profile traits.*****	Met	With a response rate of 90% on the survey, students indicated an average of 84% either strongly agree or agree that Sturgis had a positive effect on students developing the Learner Profile traits.

Objective and Measure related to Dissemination

Objective: Sturgis will share its IB for All program with other schools in Massachusetts and across the Americas over the course of the charter term.		
Measure: By the end of the charter term, Sturgis will lead at least one major international workshop regarding opening access to the IB Diploma Programme to diverse learners and will host at least 10 visits from schools interested in employing an open access policy to the IB Diploma.	Met	Sturgis presented 16 major international workshops and hosted 14 school visits from schools interested in employing open access to the IB Diploma.

Recruitment Plan

2017-2018

School Name: Sturgis Charter Public School

2017-2018 Implementation Summary:

Unfortunately, our recruitment strategies did not result in greater success in recruitment of students from subgroup populations.

As has historically been true, the significant number of siblings enrolled in the entry class impedes the success of our efforts to recruit students from subgroup populations.

Describe the school's general recruitment activities, i.e. those intended to reach all students.

General Recruitment Activities for 2018-2019:

- Ads in local newspapers in all towns in our region
- Sturgis information table will be available at community events and centers
- Evening Information Sessions during enrollment period in December-January
- Tours of the East + West Campuses during enrollment period in December-January
- Students invited to shadow a Sturgis student for a half or full day
- Optional individual parent/student meetings with school leaders
- Trilingual recruiting flyers in English/Portuguese/Spanish sent to all grade 8 & 9 families in our region
- Trilingual recruiting flyers will also be distributed at community centers, food pantries, and housing assistance centers that serve low income and limited English families
- Statements at our information sessions and in the trilingual recruiting flyers affirm that low income and special education students, and English Language Learners are very welcome at Sturgis and will be well-served at our school, regardless of their academic skills
- Statement included on the application that Sturgis does not use in the admissions process information on the application regarding home language, English proficiency, race/ethnicity, income level, or special education.

Recruitment Plan –Strategies
List strategies for recruitment activities for each demographic group.

Special education students/students with disabilities

(b) 2017-2018 Strategies

- A special education student and teacher will be on the panel of presenters at each prospective parent and student Information Session.
- The Special Education Coordinator will meet with parents and students requesting information about special education services.
- The Right to Attend document regarding special education will be attached to each application.
- Maintain a comprehensive Special Education section on our school website under About US that includes FAQ, video clip interviews with students, quotes from classroom teachers, special education staff, and parents, in addition to articles about the special education program at Sturgis and special education in general.
- Develop ongoing liaisons with local support groups such as the Cape Cod Family Resource Center to inform their personnel regarding the quality of educational experience that the school offers to students who face significant challenges.
- Advertise and hold dedicated Special Education Information Sessions for interested 8th graders and their parents during the enrollment period, led by SPED personnel and current Sturgis students on IEPs.
- Sturgis East and Sturgis West will host student-guided tours for interested eighth grade students and their parents. These events are held at night and include Special Education personnel and Sturgis students on IEPs.
- Special education staff and parent members of Sturgis’ Special Education Parent Advisory Council reach out to make contact with members of SPEDPAC groups at area schools, attend their meetings, and provide the parents in attendance with information and flyers. This practice would hopefully help to change data within 1-2 years.

(c) 2018-2019 Additional Strategy(ies), if needed

- Revamp Sturgis’ website and related marketing materials to feature accessibility of IB program for all learners, including those students on IEPs.

(a) CHART data

School percentage:
11.9%
GNT percentage: 11.9%
CI percentage: 13%

The school met GNT and was below CI percentages

Limited English-proficient students/English learners

(a) CHART data

School percentage:
0.2%
GNT percentage: 0.6%
CI percentage: 1.0%

The school is below GNT percentages and below CI percentages

(b) 2017-2018 Strategies

- For students and families who are LEP and contact the school regarding admission, an interpreter or current students and parents who speak the language of the student and/or family will contact the student/family to mentor them in the process of admission.
- Recruiting brochures and bilingual flyers placed in community centers and Portuguese language classes that serve limited English families
- Recruiting ads will be placed in Portuguese language newspapers.
- Bilingual school leaders and students are panelists at Information Sessions.

	<ul style="list-style-type: none"> • Separate trilingual mailing will be sent to grade 8 students and parents in districts that have significantly higher LEP student populations than Sturgis. • Sturgis is partnering with Barnstable PS to ensure that all ELL students and families – beginning this year with those ELL students in the 8th and 9th grades (and their parents) at Barnstable High School – are fully aware of all of their educational options, including Sturgis. Sturgis personnel – including school leadership, guidance counselors, and ELL personnel – will work closely with their Barnstable equivalent colleagues so that Sturgis’ mission, supports and offerings are well known. In addition, Sturgis leadership, personnel, and ELL student population will hold informational sessions in Barnstable High School during the school day for Barnstable ELL students in the 8th and 9th grades, and arrange for ELL shadow days at Sturgis. • Sturgis has partnered with Provincetown Public Schools to arrange a shadow day where all Provincetown eighth grade students visit and attend classes at both Sturgis East and Sturgis West. • Reach out to community organizations that serve non-English speaking populations. • Make school information available in newspapers published in target languages, and on radio stations broadcasted in target languages.
	<p style="text-align: center;">(c) 2018-2019 Additional Strategy(ies), if needed</p> <ul style="list-style-type: none"> • Sturgis has staffed two leadership positions for current Sturgis teachers who speak Spanish, Portuguese, and English. These two Sturgis ambassadors are able to not only present Sturgis Information Sessions and talk with families in the Spanish and Portuguese target languages, but are developing relationships in these target languages with local Spanish and Portuguese community leaders. • Sturgis will build relationships with local EL related community groups and allow them use of 529 Main as a gathering space. Sturgis will then intend to develop on-site marketing and recruitment tools to better publicize Sturgis as a great option for families learning English.

Students eligible for free or reduced lunch (Low Income/Economically Disadvantaged)

<p>(a) CHART data</p> <p>School percentage: 14.7%</p> <p>GNT percentage: 12.2</p> <p>CI percentage: 20.1%</p> <p>The school is above GNT percentage and below CI percentages</p>	<p style="text-align: center;">(b) 2017-2018 Strategies</p> <ul style="list-style-type: none"> • The application for free/reduced lunch placed on the school’s website. • An announcement about the availability of free or reduced lunches will be sent to all prospective parents. • Private foundation grant support for transportation costs will be advertised in flyers and in newspapers and will be offered to students who qualify for free or reduced lunch. • Private foundation donations of laptop computers will be offered to students who qualify for free or reduced lunch. • Sturgis brochures and bilingual flyers will be placed at food pantries, Transition Assistance offices, Boys & Girls Clubs, Department of Transition Assistance offices, Career Opportunities office, Housing Assistance Corporation office, and low income housing complexes, thrift shops, and the Salvation Army.
---	--

	<ul style="list-style-type: none"> • Anonymous testimonials from parents of low income students will be included in bilingual flyers and on the website. • Through Sturgis’ aforementioned partnership with Provincetown Public Schools, Sturgis aims to better target its recruitment of students who are economically disadvantaged. • We will make our application available to families residing in low-income housing developments throughout our sending regions. <p style="text-align: center;">(c) 2018-2019 Additional Strategy(ies), if needed</p> <ul style="list-style-type: none"> • During the 17-18 school year, the Sturgis Board of Trustees voted to provide bus transportation services for economically disadvantaged students beginning in the 2019-20 school year. During the 18-19 school year, Sturgis will apply for the proper amendments with the DESE, build the necessary transportation programming, and advertise this option for qualifying students during the enrollment period.
<p><u>Students who are sub-proficient</u></p>	<p style="text-align: center;">(d) 2017-2018 Strategies</p> <ul style="list-style-type: none"> • During prospective parent and student Information Sessions, presenters will emphasize the extensive amount of tutoring that is available to all students from teachers and upper classmen tutors and the success that many students have had in turning around their academic performance.
<p><u>Students at risk of dropping out of school</u></p>	<p style="text-align: center;">(e) 2017-2018 Strategies</p> <ul style="list-style-type: none"> • The school will emphasize at student and parent Information Sessions and in promotional flyers small class size, during and after school tutoring support, low student/counselor ratios, and its success with students who previously faced significant challenges.
<p><u>Students who have dropped out of school</u></p>	<p style="text-align: center;">(f) 2017-2018 Strategies</p> <ul style="list-style-type: none"> • The school will request the mailing addresses of students who have withdrawn from the school districts in the region and will then send a flyer to those students and parents focusing on the success that our students have had on the MCAS and in admission to postsecondary institutions.
<p>OPTIONAL <u>Other subgroups of students who should be targeted to eliminate the achievement gap</u></p>	<p style="text-align: center;">(g) 2017-2018 Strategies</p> <p>During the 2015-16, 2016-17, and 2017-18 school years, the school hosted Portuguese language and Brazilian culture classes for Brazilian families who are interested in maintaining their facility with the Portuguese language and their understanding of Brazilian culture. During these weekly classes, Sturgis distributed recruiting brochures and bilingual flyers to interested students and parents and placed them at businesses serving the Brazilian community.</p> <ul style="list-style-type: none"> • The application and FAQ will be translated into Portuguese and provided on the website. • A Portuguese speaker will be available at information sessions.

Retention Plan

2017-2018

Please provide a brief narrative report on the successes and challenges of implementing last year's retention strategies from the 2017-2018 Retention Plan.

2017-2018 Implementation Summary:

Sturgis missed meeting its annual goal for student retention by 2% despite adding a full-time School Adjustment Counselor and improving upon our already strong guidance counselor: student ratio.

In addition, our ELE department has significantly scaled up in attempt to provide excellent support for students. Sturgis is an authorized SEI course provider and conducted a SEI class for Sturgis and Lighthouse Charter school personnel during the 2017-2018 school year.

Also, the ELE department believes strongly in honoring and valuing the diversity at our school. In particular, through the newly created culture and identity inquiry group made up of Sturgis teachers and students, we aim to better get to know our students' cultures and backgrounds, facilitate more conversations around culture, language, race, and ethnicity, and become more culturally competent as a school.

Sturgis also increased both the quantity and the expertise of Special Education classroom assistants during the 2017-18 school year.

During the 2017-18 school year, Sturgis conducted interviews and subsequently appointed an Assistant Principal for each campus, effective July 1, 2018. These leaders will monitor attendance among many other student responsibilities, and will add to the team that aspires for all students to remain at Sturgis.

Overall Student Retention Goal	
Annual goal for student retention (percentage):	97%

Special Education Director	Susan Voigt, Jessica Lynch
MCAS Test Coordinator	Patrick O’Kane, Jennifer Kirk
SIMS Coordinator	Joann Johnson Prygocki
English Language Learner Director	Alyssa McClorey Timoh
School Business Official	Jim Albrecht
SIMS Contact	Joann Johnson Prygocki

Facilities: The William Sturgis Friends of Education acquired 529 Main Street in Hyannis, Massachusetts in August, 2017. This purchase was made to serve as a community center / testing venue / assembly space for Sturgis East and West. Permitting and renovations consumed the entirety of the 2017-2018 school year as well as the summer of 2018, and we anticipate procuring the occupancy permit for 529 Main in time for the beginning of the 2018-2019 school year.

Enrollment:

When is your estimated student application deadline and lottery date for students who are interested in enrolling for the 2018-2019 school year?
